

Dear Classmates,

It is with disappointment, that I must regret our 50th reunion. My husband, Art Partain is doing well with his new heart stint of June 30th. He is my wonderful bionic man, now with 4 stints and 4 bi-passes, total. He, however, has just badly torn his meniscus and is going to have it repair ASAP. Each of you is very special to me. I hold you close in my thoughts and prayers. AMARILLO—the best place in the world to grow up because of the exceptional people who were my friends and classmates. Have the best of times and the best of memories at the reunion! My thanks to the reunion committee for all the hard work and giving us the opportunity to once again be together. If you all are ever in Michigan, please come by.

May God Continue to Bless You and Keep You.

Mable A. Crossett Partain
